YEARBOOK
FILE 1000

At the beginning of the year, the Bureau staff took on the responsibility of putting on file the list of the members of the Bureau. It was a year of beginning. We developed our membership list and our membership was not yet a list of names. We had a list of names, but we had not yet developed a list of names. Whether our membership of the Bureau was a list of names or a list of names, we had a list of names. We had a list of names, but we had not yet developed a list of names.

Amy Simpson, editor

Dwight,

I'm really glad you were a part of my life last year. You will always have a very special place in my heart. I'm really sorry if it seemed like I didn't care about you, ^{firstly and} but that is something I can't explain on paper. We really need to talk. Or at least I do. I hope you will always save me a small place in your heart. I know I will for you. It's a shame things worked out like they did, but for me, it seemed like the only answer. You are a really great guy with a sweet smile & a great personality. And that's what counts! I hope you can find someone who can really make you happy. Thanks for everything. I'll never forget the four months we had. You really helped me over some tough times. Thanks!

P.S.

I hope you can
that you can
understand better
after we talk. Maybe.
Let's talk soon, ok?

Love,

Susan
